DETAILED ACTION

Further, the prior art of record (US' 206 A1) alone or in combination (US' 667) does not teach or disclose a process for dyeing keratin fibers, a dyeing composition or a multi-compartment device for dyeing keratin fibers, comprising at least one fluorescent dye of the claimed formulae (F1) or (F3) and at least one compound comprising an acid functional group chosen from the claimed carboxylic functional groups as recited in the currently amended claims. Accordingly the claimed subject matter as a whole would not have been obvious to one having ordinary skill in the art of keratin fibers dyeing formulation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
